Capability Statement

Nexia provides a full service accounting solution for more than **100 independent schools** throughout Australia and New Zealand. We pride ourselves on our ability to offer practical solutions to support our clients with their strategic decision making.

A close relationship

Nexia understands the challenges faced by the education sector. Our solution is to develop close, professional working relationships with our clients.

We strive to gain a full understanding of your operations and systems as well as the people who work with them.

The 'Next' Solution

We are your 'next' solution with a comprehensive schools offering, whereby:

- We assist over 100 leading schools and associations
- We offer local staff with direct schools experience
- We have a leading range of services tailored to meet the needs of schools
- We have programmes including professional development days, seminars and surveys to assist school Bursars and those charged with governance
- We have a strong industry network including relationships with Bursars' Associations, Associations of Independent Schools, the Department of Education, Employment and Workplace Relations, consulting and bank executives

Here to help

We have developed structures and processes to deliver fast, flexible and more cost-effective solutions to the education sector.

We have learnt that you want advice that is easy to understand and is backed up with one-to-one contact. When you are dealing with Nexia you are talking to people who understand

your needs and care about your school. We are here to help.

How we can help

Our experienced engagement teams work closely with you to establish a service plan that suits the needs of the school and achieves all statutory requirements. We pride ourselves on our ability to understand schools, offer practical solutions and support their team to make strategic decisions. We add value through:

- Comprehensive external and internal audits
- Compliance Audits
- Structuring of Audit committees
- Comprehensive GST and FBT health checks
- Advice on compensating controls to overcome a lack of segregation of duties
- Pragmatic "Flash report" of key metrics for school board reporting
- Salary packaging advice
- Best corporate structures for raising funds
- DGR compliance health checks
- Cash-flow modelling for scholarship funds
- Comprehensive school financial modelling for obtaining finance
- Preparation of quarterly, annual and ten year master budgets
- Identifying areas of inefficiency, cash-flow improvement and expense control
- Advice and guidance through legislative changes, including the ACNC
- Fraud investigation and other forensic accounting services

How we can add value

We have developed a range of services that pay particular attention to the formal control and management of independent schools.

Our value added solutions include:

Tax compliance

Our specialist education team and tax partners carry out detailed reviews in GST and FBT and provided feedback in respect of compliance with current Australian Taxation Office (ATO) requirements.

Deductible gift recipient issues

We provide advice on appropriate structures and changes to the tax legislation to ensure our schools are compliant and offer the most tax advantages for receiving donations.

Information technology services

We are able to provide IT system health checks and IT audits. Our services focus on the overall importance of IT to the school.

Business modelling

From our sector expertise, we engage in the preparation of long-term financial models and assumption audits for the purposes of major buildings works and DGR fund modelling.

Education of our clients

With our experience and key education contacts, our ongoing client management programme is designed to ensure our independent school clients are fully informed and are up-to-date on issues affecting the sector.
